

The ideal air purifier to remove allergens and particulates in schools and municipalities

Various studies have illustrated that poor air quality in schools negatively affects a child's performance. Furthermore, the number of children with asthma and allergies in the US is on the rise. Now more than ever, air quality in the classroom is a major concern.

Our air purifiers are clinically proven to improve the health of children. Austin Air Purifiers effectively remove allergens, dust, mold spores, chemicals and gases, guaranteeing the air is clean, safe and free from pollutants.

Clean air in the classroom gives students the chance to succeed and thrive at school. It allows them to be the best they can be.

Core Competencies

Standard Series: Ideal for educational staff and students with severe allergies and asthma, chemical sensitivities, or chronic illnesses such as COPD.

Medical Grade HEPA: Captures particulates down to 0.3 microns. Ideal for students and faculty suffering from allergies or symptoms triggered by airborne particulates.

Activated Carbon Blend: Most of our standard series units use up to 15 lbs. of carbon/zeolite blend for odor and chemical removal.

Durable Design: Powder-coated steel construction to last a lifetime.

Clinical Trials: Studies conducted by Johns Hopkins University and Cincinnati Children's Hospital prove that our air purifiers reduce asthma attacks in children and improve overall respiratory health.

Past Performance

School Districts: Provided to Porter Ranch CA Schools, Citizens of the World Charter School, Rapid City Area Schools, Purdue University, L.A. USD, Ashland Public Schools, University of Colorado, and many more.

American Red Cross: 10,000+ Air Purifiers provided during 9/11 Emergency to New York City residents and schools.

Calhoun County, Alabama (FEMA): 28,000 Air Purifiers provided through FEMA to all county residents and schools.

West Coast Wildfires: Provided to many residents and schools during wildfire seasons.

Austin Healthmate Plus™

#1 AIR PURIFIER FOR A SCHOOL ENVIRONMENT

Differentiators

- ESTABLISHED BRAND
30 years of performance you can trust
- FIVE YEAR WARRANTY
Quality guaranteed
- CLINICALLY PROVEN
Effectiveness proven in multiple clinical trials
- CONSTANT CLEAN
Designed to run non-stop for continuous clean air
- FIVE YEAR FILTER LIFE
Minimal filter changes
- MANUFACTURED IN
BUFFALO, NY
